## Prem. Brownlee Delivers Address at U.F.A. Spread in the Hall at Lone Ridge

**Says Farmers of Western Canada Have Taught the World in Co-operative Effort—Secretary Blue, of the Edmonton Board of Trade Refers to Early Days of Alberta and Rapid Growth in Recent Years**

A largely attended and very successful banquet was held in the Lone Ridge hall on Friday evening last under the auspices of the U.F.A. About one hundred sat down to a sumptuous dinner, which consisted of fried chicken, salads, cakes, ice cream, etc.

W. Milton, the president of the local, occupied the chair, and after welcoming the large gathering, called upon E. B. Sparks, M.L.A., to introduce Mr. John Blue, secretary of the Edmonton Board of Trade, and Premier Brownlee, the speakers of the evening.

After complimenting the ladies on the excellent and well-served meal, Mr. Blue referred to the early days of Alberta, and the rapid growth this province has made in recent years. We are inhabiting the youngest part of the world, and we ought to build up a great nation here as we have the enlightenment and the ambition to build up a great country. We can take pride in calling ourselves Canadians, as we are the stock of the greatest pioneering people the world has ever known. Referring to the status of Canada, this country ranked twenty-seventh in population and fifth in international trade. Western Canada has the largest area of arable land in the world. We are also proud of the resources of the country, as we have all minerals here, and we also have the railways. We have the largest and greatest deposits of nickel in the world, and there is no doubt that between the Pas and the Bay other minerals will be reached when the country is developed.

Let us build up a better rural life by unity and co-operation. A man said a few years ago that if all the buildings in the cities were burned down, they would be rebuilt in ten years, but if all the buildings in the rural community were destroyed, they would not be rebuilt in one hundred years. We want more scientific research, as it is only people who know who can compete with competitors. The successful farmer must know how to handle insects, noxious weeds and other enemies. Are we going to save Alberta from wheat rust? Great efforts have been made, but they are backed up by public opinion and scientific knowledge. Canada is improving. There are good times ahead, as Europe is better off financially and she gives us a great market for our products.

Premier Brownlee said he was glad to meet the people of Alberta, who were carrying on under the handicap of transportation facilities, yet there is a spirit of good will, courage and co-operation apparent. It would be idle to speak about our rich resources, arable lands, etc. There are billions of tons of coal under Alberta, and statistics would mean nothing, as figures cannot give an adequate knowledge of the coal supply. Alberta has enough coal to supply all the homes and factories in Canada for the next thousand years, and then some of our best mines would not be touched. Then there are the grain, timber and oil resources. If the 1500 square miles of tar sands in Alberta were in California it would be one of the best resources of the state. One of the great problems is how to develop these resources to the utmost. We must turn our attention to the development of agriculture. Every community that has a large agricultural district should put forth efforts to place that industry on a permanent, prosperous basis. The same question is foremost in Europe. We are coming closer to it in Canada than they are in any other country. We should bring the industry of agriculture to the point where those engaged in it will receive a reasonable profit commensurate with the work, cost of production, and money put into it. Today we are enjoying a measure of prosperity, but only a few years ago the farming population were hard pressed.

Machinery has taken away the drudgery of work on the farm and household; highways are making access to the cities and towns easier; people are going 20, 30 and even 50 miles to attend the theatres; educational facilities are now much greater for the boys and girls, who will be the men and women of tomorrow; while the radio makes life much more enjoyable on the farm. The young people should stay on the farm and not be lured to the U.S. and big cities by the promise of large salaries. The government is supplying experimental farms where earlier and better seeds are developed which will give higher yields.

The farmers of Western Canada have taught the world in co-operative effort. The movement has taught the

people in country places to study and think for themselves. The U.S. is looking to Canada for information re co-operation. The farmers of Western Canada must turn their attention to the standardization of their products. If they are to command the highest prices, in Denmark eighty per cent of the products are standardized by the government. What is the Alberta percentage? It costs no more to raise a good hog than a poor one. Ireland is climbing to the front after ten years of education on standardization of product.

The people of Alberta are thinking and talking wheat. In the U.S. where more wheat is raised, there is more money in poultry than there is in wheat. We have the poultry pool, the dairy pool, the live stock pool, and the time will come when there will be more money in these than there is in the wheat pool. The government must extend the markets and enlarge them. There is no danger of raising too much production. The European market is a large and permanent one, but the Premier prophesied that the Oriental market would develop into the biggest market for Alberta. In addition to this and it only remains for the producers of the U.S. will soon be an importing country. The future is very bright, and it only remains for the producers to work in co-operation to achieve the best results.

But commercial prosperity is not everything. It is necessary to build up the other things in life. The educational, social and religious things should not be neglected if we are to build up a truly great nation.

Mr. Allen and Mr. Arthur Ward rendered a duet which was greatly appreciated.

## Women's Institute Gives Old-Time Revue Before Packed House at Angus

A packed house turned out to the Angus Theatre on Wednesday evening last to enjoy the Old-Time Revue which was staged under the auspices of the Wetsaskiwin Women's Institute, and the affair was a success from every point of view. The first item on the program was a selection by the stringed orchestra of the Women's Institute Girls' Club, under the direction of Rev. Fr. Walravens, in which fifteen girls took part. This was greatly enjoyed and an encore was demanded. The next number included selections from "The Mikado," and consisted of a trio, two duets and a quartet, concluding with a chorus. The costumes worn in this were Oriental, and the performance created the greatest interest as well as amusement of the audience, and was heartily applauded. The dance, "The Irish Lilt," by Jean and Robert, George was especially good, and they were obliged to respond to the demand for an encore. The song "After the Ball," by Margaret Finch and "Uncle John," and the comic selection by Stuart Campbell were also well received and delighted the large audience. The Moonbeams played a number of selections before the program commenced as well as at the intermission, in their usual snappy style.

The program was concluded with a one-act comedy "You're a Cuckoo," in which the characters were: Henry Willis, Mr. B. W. Bellamy; Helen Willis, Mrs. A. C. Dickson; Martha Crump, Mrs. V. C. French; Freda Wright, Miss Ada Dickson; J. C. Traylen, Mr. N. A. MacEachern; and Richard Crump, Mr. Morley Merner. This performance delighted the crowd, and it has been proclaimed one of the best plays ever staged here. Everyone did exceptionally well and are being complimented upon the manner in which they interpreted and put on their part.

As a result of this effort the Women's Institute will net nearly \$150.00.

## PLAN TO PLACE 100,000 SHEEP ANNUALLY IN MANITOBA

Drandon, Man., March 26.—A movement is under way for the placing of 100,000 sheep annually on Manitoba farms. These will be sold in groups of 50 to each farmer, somewhat similar to the plan now in operation in North Dakota. A committee has been formed to carry out the plan.

Use The Times' Want Ads. when you wish to buy or sell articles.

## 140,000 FARMERS ARE MEMBERS OF WHEAT POOL

The most recently compiled returns show that the Canadian Wheat Pool has a membership of 140,000 farmers with a wheat acreage under contract in the provinces of Manitoba, Saskatchewan and Alberta. The Pool operates 942 country grain elevators with a total capacity of 30,000,000 bushels, and ten terminal elevators with a total capacity of 23,000,000 bushels. During the last crop year the Pool shipped 124,000,000 bushels of grain to 24 countries through 60 ports of the world, 50,000,000 of which went to the British Isles.

## Town Topics

Mrs. Richard Brown of Ranfurly, is the guest of Miss Eva Walker.

E. Barnett, court stenographer, was at Peace River last week, attending the sittings of the court in his official capacity.

D. Simmonds has disposed of his billiard and pool room to A. H. Parker of Millar, who takes possession on Monday morning next.

Rev. and Mrs. Elliott left Monday morning for Rochester, where Mrs. Elliott will undergo a serious operation at Mayo Bros' hospital.

Mrs. F. B. Lucas of Wetsaskiwin, is visiting her mother, Mrs. W. J. Stanton, 9518 103 avenue. Mrs. Stanton is entertaining this evening in honor of her daughter.—Edmonton Journal.

The many friends of Mrs. B. D. Howatt are glad to know she was sufficiently recovered from her recent operation to be able to leave the hospital for her home on Saturday afternoon.

The quarterly meeting of Zion Ev. Lutheran church will be held on Sunday, immediately after the morning service. As the business before the meeting is very important, it is to be hoped that every voting member will be present.

A meeting of the city council was held on Friday evening last to consider the estimates for the year. Another meeting will be held this Wednesday evening for general business. A report of tonight's meeting will appear in next week's issue.

The Wetsaskiwin Elks' Lodge contemplate erecting a substantial business block and hall on their lot cornering Peace and Alberta streets, as soon as the frost is out of the ground. We understand arrangements are being made for the Wetsaskiwin Liquor Vendor to occupy part of the building.

E. L. Hill, B.A., M.Sc., Edmonton Librarian, gave a very entertaining and instructive address in the St. Andrew's Presbyterian church on Tuesday evening, taking as his subject "Book Miracles." He had a number of illustrations as well as copies of books printed about the year 1400.

The meeting was held in the interests of the Wetsaskiwin public library, and Mayor Montgomery was chairman.

## MOUNTIES WILL DO POLICING IN SASKATCHEWAN

Ottawa, March 24.—An arrangement, the subject of lengthy negotiation between the dominion government and the government of Saskatchewan is about completed and Premier Gardiner and Attorney General Davis are here from Regina awaiting the final.

An order in council will be passed, probably over the week-end providing for the Royal Canadian Mounted Police taking over the entire policing of Saskatchewan thus obviating the present duplication of police activities. The provincial police force will be disbanded and, as before the war, the Mounties will do it all.

While the Saskatchewan government agrees to contribute to the maintenance of the R.C.M.P., the saving it will make is very material. It is calculated at \$285,000 per year. The present provincial outlay on police is about \$400,000 a year.

Premier Brownlee, of Alberta, left for Ottawa this week and the question of the consolidation of the A.P.P. with the R.C.M.P. will probably be one of the questions he will take up with the federal authorities.

## ONE THOUSAND PHEASANTS TO BE IMPORTED THIS YEAR

One thousand pheasants, and possibly twice this number, will be imported this year by the Calgary Fish and Game Protective association and will be set out in selected districts to the south and southwest of Calgary. It is announced by C. A. Hayden, president of the association. A number of experiments with this splendid game bird in the southern part of the province have proved very successful and an effort will be made to stock a considerable area adjacent to Calgary.

## Clean-Up For Easter!

The mild spell that descended on the district this week suggests the futility of spring cleaning. Cleaning up is usually an unpleasant task that we do our best to shirk but when we do screw up our courage and get the job completed we know that it has been worth-while.

In an effort to put over the suggestion that this week-end should be devoted to the initial clean-up of the season, we quote the old adage, "Cleanliness is next to Godliness." Surely a Clean-up week should come next to Holy Week and as next week is Easter week it is logical to presume that a Clean-up should be commenced immediately.

Easter in Wetsaskiwin will be all the more pleasant if all the stacks of refuse that have accumulated throughout the winter months have disappeared. If the back lanes, the gardens, the walks have been relieved of their superficial debris. Let's all get busy and clean up!

## Obituary

### JOHN E. PLAYFAIR

One of the new settlers in the Wetsaskiwin district died in the Wetsaskiwin hospital on Tuesday in the person of John E. Playfair. He was aged sixty-six years and had arrived here four days before his demise to settle on the farm of Hugh McGrandale. While walking to the farm he was seized with apoplexy and was taken to the hospital for treatment. His remains are being shipped to Perth, Ont., his former home, for interment. He leaves a wife and grown-up family.

## BOARD OF TRADE WILL HOLD MEETING ON MONDAY

The next meeting of the Wetsaskiwin Board of Trade will be held in the banquet room of the Strand hotel on Monday evening next. The speaker for the occasion will be Hon. O. L. McMillan, Minister of the Interior for the province.

## EDMONTON LIBRARIAN ADDRESSES KIWANIS CLUB

The Kiwanis Club were favored with an address by E. L. Hill, B.A., M.Sc., who is in charge of the Edmonton public library, on Tuesday evening. He centered his address on "Historical or Laughing," and referred very humorously to many of the things done by the public today. It is the tendency of the public to lag when any advance movement is proposed, and that is one reason why service clubs are formed, to bring matters to the attention of the public, and get action. Some people have a lot of criticism to get, for instance car drivers who hog the road, and others who take more than their share. There are a lot of back seat drivers in municipal affairs. There may be a good mayor and council, but they sit back and find fault with everything going on, and when election time comes they will not vote or endeavor to improve conditions.

The Edmonton Library costs only about a postage stamp a week to the man assessed for \$1,000, which covers the debenture indebtedness, salaries and upkeep. Last year 415,000 books were loaned, which would be six books to every man, woman and child in the city. There are 15,000 borrowers, or about one-fourth of the entire population. The Edmonton library is the open-shelf system, and in addition to lending books, there is a lot of reference work.

The club voted unanimously to donate \$100 to assist in carrying on the work of the Wetsaskiwin library.

## SETTLERS ARE FLOCKING HERE

Winnipeg, March 24.—This coming week will see the heaviest influx of immigrants of the season so far over the C. P. R. lines, according to information coming from the Department of Colonization and Development of the company. Two of the company's steamers, the Montclair, scheduled to arrive at St. John Saturday, and the Melita, due on Sunday, will alone have close on to 1,250 new settlers for the West. The Montclair party, numbering about 654 souls, will arrive in Winnipeg on Tuesday, while those crossing on the Melita, approximately 684, will arrive here the following day.

Several outstanding parties are included in the two special shipments to arrive. The Montclair will bring out a special Danish land party consisting of 147 persons; 69 farm trailers sent out from Great Britain under the auspices of the ministry of labor, and a Salvation Army party of 65 persons from Liverpool and Greenock. The 3,000 family scheme will be well represented in the Melita's passenger list, 23 persons coming out on that ship under this scheme. An emigrant settlement party will be on board, consisting of some 90 souls as well as a party of about 30 Menonites.

## ANNUAL CONVENTION OF EDUCATIONAL ASSOCIATION

The eighteenth annual convention of the Alberta Educational Association will meet in Central United church, Calgary, April 19, 20, 21, 22, 1928.

Any person interested in education is free to attend and may become a member by paying the membership fee of \$1.00.

Reduced fares on the railway may be obtained by buying single fare tickets and asking for a standard certificate which signed by the Secretary entitles the holder to a half fare return. These tickets are good for ten days.

## Town Topics

The Hospital Aid Society will meet in the nurses' sitting room on Tuesday April 3rd, at four o'clock.

The Scandinavian Ladies' Hospital Aid will meet at the home of Mrs. J. P. Johnson on Tuesday, April 3, at 3:30 p.m.

C. E. Hibbs, who spent the winter in the U.S., returned to Wetsaskiwin a few days ago to look after his business interests in the district.

Mrs. R. H. Asp returned home last Saturday, after spending two months visiting friends and relatives at Iowa, South Dakota and Minnesota.

A regular meeting of Peace Hill Chapter I.O.O.F. will be held at the home of Mrs. Chas. Boyer on Tuesday evening, April 3rd, at eight o'clock.

Mrs. E. Roberts, who has been visiting at the home of Mr. and Mrs. Geo. D. Wallace, and in whose honor many social functions were arranged during the week, left for her home in Stettin on Tuesday morning.

George M. James left for Fort William on Saturday evening, where he will have charge of the business of the P. Burns Company Limited. Mrs. James will remain in Wetsaskiwin until Mr. James arranges for a home.

Miss Rehwinkel, who is on furlough from India, where she has been engaged in the Missouri-Lutheran mission, will be in Wetsaskiwin in the near future and will give an address on Mission work in India. Watch this paper for the date and time of the address.

Mr. Taylor of the Grey Goose Restaurant, informs The Times that he has been unable to open his restaurant as his frigid air plant and other equipment have been delayed in transit from Ontario. He hopes these will arrive shortly, when the doors will be opened to the public.

Prof. A. Rehwinkel, M.A., B.D., of Edmonton, who has been taking the Lutheran services at Ponoka Mental Hospital, paid his farewell visit to that institution on Sunday. His farewell address made a deep impression, and at the conclusion of the service a large number of the inmates came and shook hands with him, thanking him for the spiritual blessings which they had received from his sermons and wishing him God's blessing in his new charge, the directorship of Winfield, Kansas Lutheran College. Professor Rehwinkel also introduced Rev. Apelt of Wetsaskiwin, who is to take charge of the Lutheran services at Ponoka and Blomark.

## UNIVERSITY OF B.C. HAS VERY VALUABLE HEN

"Maise," the famous white Leghorn hen owned by the University of British Columbia farm, officially known as Hen No. 6, the world's champion layer with 351 eggs in a year, is proving a substantial revenue producer for the University. Last year the sale of pedigree poultry stock originating from "Maise" returned to the University \$3,225. Two cockerels of hers shipped to a poultry raiser in Ohio fetched \$500 each. Another cockerel was sold in New Jersey for \$300. Two other cockerels were disposed of at \$150 each and two pullets at \$100 each. Proceeds from seventeen hatching eggs were \$425. The University reports on sale of pedigree British Columbia stock totalled \$7,225 for the year. "Maise" still graces the University pen despite the fact that \$1,000 was offered for her last year and \$3,000 for the pen of which she is a member.

## PEACE RIVER'S NEW SHERIFF IS APPOINTED

George Robertson, for several years deputy sheriff of the Peace River judicial district, has been appointed sheriff in succession to the late Peter Gunn. The appointment, which is effective at once, is a first step in a reorganization of the northern court work, which the attorney general's department will take up during the coming summer.

A new government building is being erected at Grande Prairie, in which court house accommodation will be provided.

## Reeve Rattray Continues to Guide the Destinies of Mun. District of Bigstone

### BOOKS IN PUBLIC LIBRARY BEING LABELLED FOR USE

Mr. E. L. Hill the city librarian of Edmonton, spent yesterday afternoon in the Council Chamber going over the books collected and suggested many things of great value in how to start out with the lending. Those who missed his address in the evening deserve our sympathy, for it was full of interest from beginning to end. The following books have been received since last week's report: Mr. F. B. Watson, 2 heavily bound volumes; Mrs. J. Arnold, RR2, 10 volumes; Gordon Ballhorn, RR3, 6 volumes; Mrs. A. Barnhill and family, 14 volumes; Mr. E. L. Hill, Edmonton, 4 new works from his own home.

On Saturday last the High School students put in a long afternoon of solid work labelling and preparing a parcel of over 200 books from the Alexandra School under the supervision of Mr. Tanner and Mr. Hodgins. Unfortunately no one appears to have thought of the correct answer yet to the question put up last week for which a dollar prize was offered. All the answers sent in with the exception of two, refer to Confederation day or the year 1867. The correct answer has to do with books, pure and simple. Can no one think of it? The question is "Why should we begin numbering the books received from the number 67?"

## Wetaskiwin Member Is In Favor of Appointment of Committee Re. Judges

In discussing the question of the appointment of a special committee to investigate the salaries of judges, Mr. Wm. Irvine, member for Wetsaskiwin, is reported as follows in Hansard:

Mr. William Irvine (Wetaskiwin): Mr. Speaker, I do not intend to detain the house for more than just a few moments. I wish to say a word in favour of this resolution, not that I know anything about judges' salaries, but to whether or not they should be increased I am quite willing to leave that question to the proposed committee, but I do welcome this slight departure from our established custom, as the previous speaker has said. I have protested against cabinet government ever since I came into this house and I shall continue to protest against it until there is more responsibility placed upon parliament. Of course it is easier for the government of the day to entrust a matter of this kind if it is not a popular one to a committee, so that the committee may assume the responsibility which the government is not willing to do. But even so I am glad that there is this departure, if indeed it can be regarded as such, of entrusting a little more power to a committee of this house and a little less power to the cabinet. I trust that this will only be the beginning of a much larger departure in that regard, for I believe it will mean a much better type of government and will give each member of parliament some real reason for being here. I shall be glad to support the motion.

## RED DEER RIVER ON BAD RAMPAGE

Drumheller, Alta., March 24.—The Red Deer river had risen six feet by 11 p.m. Friday and the peak was expected to be reached by 3 a.m. Saturday. The river has overflowed its banks at the Newcastle road near the Newcastle mine. The houses on the flat are partly submerged and the tenants were busy moving their household goods out during the night.

It is understood the bridges have been washed away further up the river near Red Deer and Delburne. Drumheller, Newcastle and Neenane will be under water to a greater or lesser extent before morning. The Knee Hill bridge will be endangered. The bridge at Rosedale has been badly damaged by the flood and ice blocks.

This is the worst flood experienced since the big flood in the spring of 1925.

## A WASHINGTON HEN

Little Charles had been ordered to collect the eggs each day, and to be sure that none were left beneath the old clucking hen. His desires for some fluffy chicks, however, proved too great for him, and several weeks later his mother was greeted by a proud old hen and her six children.

"Who did this?" she demanded sternly.

Charles hung his head. "I cannot tell a lie mother," he said. "The old hen did it with her little hatch it."

## Re-elected to Office at Statutory Meeting Held at Lone Ridge Hall—Routine Business Transacted

The statutory meeting of the M.D. of Bigstone No. 459 was held March 13th at Lone Ridge hall.

The secretary-treasurer read report of the elections submitted by the returning officer, showing: For By-law No. 28, 121; against the By-law, 128.

The Councillors elected were: Division 1, C. J. Hanson elected by 42 majority.

Division No. 5, H. Arnold elected by 19 majority.

Division No. 4, H. G. Krause elected by acclamation.

Oath of office was then taken by Councillors C. J. Hanson, Arnold and Krause.

Motion by Coun. Helmers that J. L. G. Rattray be Reeve. Carried.

Motion by Coun. Krause that Coun. Arnold be deputy Reeve for the next six months. Carried.

Minutes of former meeting read. Motion by Coun. Krause that minutes be adopted as read. Carried.

Motion by Coun. Rattray that J. H. Walker be auditor for the year at a salary of \$100. Carried.

Motion by C. J. Hanson that Dr. McColgan be Public Health Officer. Carried.

Motion by Coun. Arnold that members of Council be paid the sum of \$4 and the Reeve \$5 per diem for each councillor for each meeting and ten cents per mile for every mile necessarily travelled in coming to and returning from meetings of Council and also that members of Council be paid a sum not exceeding 10 cents per mile for every mile travelled, said mileage not to exceed 500 miles, and a sum not exceeding \$4 per day for the time not exceeding fifteen days in the year necessarily occupied in laying out and inspecting work performed or to be performed for the benefit of the Municipal District. Carried.

Motion by Coun. Krause that meetings of Council be held on the 7th day of each month at 11 a.m. at Lone Ridge.

On motion of C. J. Hanson the Council of the M.D. of Bigstone No. 459, was authorized to borrow the sum of \$11,000 from the Imperial Bank to meet the current expenditure of the Municipal District until such time as the taxes levied therefor can be collected.

Motion by Coun. Arnold that R. C. Young be engaged as Weld Inspector for the current year on the same terms as last year. Carried.

Motion by Coun. C. J. Hanson that secretary-treasurer be appointed as assessor for the year 1928. Carried.

Motion by Coun. Helmers that \$100 be given by way of grant to the Salvation Army. Carried.

Letter from Noble Lucas read and settled. The secretary-treasurer was instructed to write the S.S. Board re this case.

Resignation of M. H. Unland as pound keeper read and filed.

Letter from the Northern Drug Co. offering to supply sopher poison read. Motion by Coun. Arnold that poison be bought from the Northern Drug Co., Wetsaskiwin and from Graham's Pharmacy, Millet, and that all ratepayers be supplied with sopher poison, ratpoison to apply to these places and get their own poison. Carried.

Three letters were read applying for the position of secretary-treasurer.

Motion by Coun. C. J. Hanson that the Municipality advertise for a secretary-treasurer at a salary of \$1250 per annum. Written applications to be mailed to the secretary-treasurer before April 2nd and duties to commence on Sept. 7th, 1928.

Motion by Coun. Arnold that present secretary-treasurer receive \$750 for the time between now and Sept. 7th. Carried.

The meeting adjourned.

## ESTIMATES OF FLOOD DEATHS NOW SET AT 49

Los Angeles, March 27.—The total loss of life in the St. Francis dam disaster was computed today at 449 missing and believed to have perished.

While the search for the dead continued, with an army of more than one hundred motor tractors being used to tear through the big piles of debris, authorities in the stricken zone decided to confine their efforts only to reclaiming land. Debris on the unreclaimable area occupied by the old bed of the Santa Clara river will be buried.

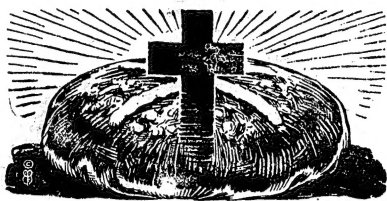

The huge fires will serve as funeral pyres for an unknown number of the dead.

(By Wm. Irvine, M.P.)

The Budget has at last passed the House, but is still before the committee of the whole where it is experiencing a rough passage. The chief cause of the objection to the Budget is that the government claimed tariff reductions as a result of the revised schedule.

tariff schedule. It appears that reductions are chiefly made on raw material required by manufacturers, while the general effect of the changes to consumers will be that they will have to pay a little more for their goods.

Taking the Budget as a whole, the tariff changes are so numerous and so involved that with the meagre sources of information available, the average elector could never determine whether the net results is an increase or a decrease. This being so, the government party will likely continue to claim a reduction, while the opposition will proclaim an increase and the elector will likely decide in favor of the party which shouts the loudest. My opinion is that the tariff is substantially where it was before the Budget was brought down so far as having effect upon the consumers prices is concerned; that certain manufacturing interests have been greatly benefited by the alterations while others have been injured; and that the tariff to the consumer has been slightly increased.

The attack of the Prime Minister and the Minister of Railways on Miss MacPhail and our group organization in general has more than a mere passing significance. The attitude of the Alberta group in contending stoutly for the maintenance of the income tax and for tariff reductions helped to put the members from Saskatchewan—which members constitute the government majority—in a very unenviable position. They were elected expressly to do these things, but are now in silent acquiescence to a contrary program. No doubt the Saskatchewan members have protested in the caucus but without avail. But the political situation is, of course, this—that Saskatchewan United Farmers are threatening to follow the example of Alberta, and if they do the government majority will be wiped out. This being the case the government has centred its attack on the Alberta group with a view to discrediting it if possible and thus to discourage the activities of the Saskatchewan farmers in the political field.

I will not impose upon my readers a summary of the argument which took place in Parliament between the Farmers Group and the government on this issue, but would suggest that all who are interested should read the speeches of the following members in the order given: Miss MacPhail, Hon. Charles Dunning, Wm. Irvine, Hon. W. L. MacKenzie King, Mr. Coote and Mr. Bird. I will just add this—that if a fair minded reader concludes after reading the above speeches that the Alberta Group lost the argument—I should like to meet such a person and to follow with him the steps leading to his conclusion.

Of course it should be borne in mind that the official opposition is just as much opposed to the Farmers Group as the government is, only at the moment it would not be good tactics to oppose us. There is no doubt in the minds of party men as to the situation. If the economic groups continue, party government as it now exists, is doomed. The whole issue is, therefore, shall the groups continue? That matter is of course, in the hands of the U.F.A. so far as I am concerned.

It is possible that the Prime Minister may ultimately agree to certain modifications of the party system. He knows that there are certain phases of the system that are obnoxious and which must be sloughed off sooner or later. For instance, the absolute power of the Cabinet over all policy, under threat of immediate dissolution, is too pernicious to continue indefinitely. It may well be that from now on under a flexible constitution the party system may begin to pass through a series of modifications which will in time give us in actual practice that sort of government which we have always had in theory. At any rate, we must push on in hopes of some such happy consummation.

From now henceforth we will be dealing with the real business of the session. As soon as the Budget has been finally disposed of we will be in to the estimates. The legislative programme is comparatively light this year so with good luck the session should end about the middle of May.

**Was Bothered  
With Her Heart  
Had Dizzy Spells**

Mrs. Clayton Roy, Milton, N.S., writes: "A short time ago I was greatly bothered with my heart. I could not sleep and would have dizzy spells. I also became so run down I could not do my work, but would just have to sit down."

"I spent a lot of money trying different medicines, but none of them seemed to do me any good. At last my mother advised me to take

"After I had taken a couple of boxes I began to feel a lot better, so I continued their use and to-day I am in perfect health and feel as well as I did when I was a young girl."

"I always recommend Milburn's Heart and Nerve Pills to my friends as I feel that I cannot praise them enough for what they have done for me."

Price 50c. a box at all dealers, or send direct on receipt of price by The E. Milburn Co., Limited, Toronto, Ont.

**COMMUNICATION**

(We do not necessarily endorse the sentiments advanced by this or any other correspondent under this heading.—Ed.)

To the Editor of The Times.

Dear Sir:

The love system so thoughtfully provided for two miles West of Millot by the Council for Div. 6, Montgomery M.D., last summer, has come through the winter well. Motorists are all loud in praise of the fine way it holds the water in the middle of the roads, giving them the opportunity of washing their cars while on the way to town, and the mud is useful to obscure a 1927 license plate.

MOTORIST.

Dear Sir:

This is in answer to Mr. Hodson's letter of March 15th.

Sir Wilfred Grenfell on prohibition: "The best thing that ever struck the United States" says the Labrador doctor. Going on to speak of the evils of the "drink traffic," Dr. Grenfell said: "I have no use for alcoholic drink. I am sure of this, if you wish to live a long and healthy life, you will want all you can do to keep your body fit. I have known six murdered by persons crazed with drink, and I pledged myself against intoxicating liquor. I have never regretted it. I have been among the ice, on the ice, and under the ice many a time. I am 63 years old. Now I fancy I could run a race with any man of 63 who has taken alcoholic drink and win. I know what I am speaking about. I have spoken in every State in the Union and have studied the question of what prohibition has done for the United States, and I tell you there is no denying it. It is the best thing that ever struck the United States. Think of this one thing. During 36 years on the Labrador I have had 126 neglected children left to me.

"They say that prohibition is a failure in New York. Since prohibition came in, many charitable institutions for the care of neglected children have closed their doors for the lack of such children. Of course there are people

who break the law, they break every law on earth. Those who call prohibition a failure are those who want it to be a failure. I have seen more women ruined, more homes broken up and more children brought to hospital through alcohol than through any other agency."

I believe we can take Dr. Grenfell's word, who has a clear, unclouded vision, sooner than the dark, deluded, drink bedimmed mind of anyone else.

Taken from the Witness of March 21: "Drunkennes has not declined. According to the Police Departments of Montreal and Quebec, the two largest cities of the province, arrests for drunkenness in 1927 were 50 per cent more than they were the year previous. Instead of reducing blind-pilging, bootlegging and still-running to a minimum, as was promised by Government Control, "these evils have so multiplied that even the superhuman efforts on the part of the police," referred to in the annual report of the Liquor Commission, "are of little avail."

Thanking you, Mr. Editor,  
ELIZABETH K. STEVENS.**WINFIELD NEWS**

(Intended for last week)  
The dance held by the Winfield Athletic Club was a decided success. The hall was packed, approximately 200 being in attendance. The lunch was daintily served on paper plates, with napkins for the ladies and gentlemen. After supper a program, consisting of songs, etc., also a sparring match, was duly appreciated. The dance broke up about four o'clock in the morning, bringing to a close one of the best times that was ever witnessed at Winfield.

Mr. Gibbons has sold his store to Mr. Roy Gibbons and Mr. Saben. He is contemplating starting a hog ranch at Buck Lake.

Andy Lerrand and S. Handbury have finished their contract building the pool hall and barber shop. Mr. Wing, the proprietor, has done a good business since opening up last Wednesday.

L. Hendricken and B. Mackenzie are back on their farms again.

## CANADA WHEAT BEST IN WORLD, BRITISH CLAIM

Canadian wheat is the best in the world, in the judgment of British millers; Canadian beef has vanished entirely from the Old Country markets; Canadian bacon ranks with that of Denmark; while Canadian butter stands as high as Danish and New Zealand butter in the estimation of British consumers.

These were points brought out by D. W. Warner in an address to the board of trade at the noon luncheon at the Macdonald hotel, Edmonton. Mr. Warner gave an interesting account of the tour of the Canadian farmers' party to and through the old lands during the winter. They were

## CANADIAN WHEAT POOL TALKS WITH LONDON

Lights were flashing on and off on the telephone switchboard at the Canadian Wheat Pool Central Selling Agency telephone office in Winnipeg at 10:18 Tuesday morning, March 20, when the flying fingers of the Central's "Central" were paralyzed for a moment by a call which came in from the long distance operator.

"Call for Mr. George Melvor from London, England."

"From where?" questioned Central.

"From London, England," came back the crisp explanation, although "Long Distance" was equally excited.

Mr. Melvor, general sales manager for the Pool, was informed that London, England, was calling him.

"What's the matter?" queried the imperturbable George. "Has this spring weather gone to your head Are you joking?"

He was soon convinced that she was not. There was the usual buzzing, fragments of conversation with sharp interjections by the operators, inexpressible from a long distance call and then came a voice across the Atlantic.

"Is this Mr. Melvor?" It was "Well this is Mr. Hurst, Strauss and Company—about that cargo of No. 3"—and there followed for the next two minutes a brisk bargaining battle over a cargo of many thousand tons of wheat where a very small fraction of a cent was between the price the Strauss Company had offered to pay and the price the Pool was willing to accept.

At last a bargain was struck, the cargo was sold, and another voice broke in—

"Hello, George. This is 'George Bingham'."

George Bingham, formerly of Vancouver, is the assistant manager of Strauss & Co., one of the largest brokerage firms in London. A. B. Hurst is the managing director. Just when George in Winnipeg had told George in London what splendid weather we were having, a silvery voice with a pronounced English accent broke in. "I say, your three minutes are up."

These voices had been carried across the Atlantic by beam wireless from London to New York, a distance of nearly three thousand miles, routed from New York to Chicago and from Chicago to Winnipeg, a distance of 1352 miles over the long distance wires, a total distance of 4367 miles.

The Wheat Pool had once more made history, for this was the first commercial telephone call from London to Winnipeg. It cost Strauss & Co. a little over \$51. A cable dispatch

from London said that the reception there was as good as in Winnipeg and that every word came through as clear as a bell.

## C.P.R. PLANS MUCH WORK IN WESTERN CANADA

Montreal, March 25.—Regarding construction of branch lines, the annual report of the Canadian Pacific railway, issued here Saturday, says that during the past year the construction of lines which had been authorized in Western Canada had been proceeded with, 203 miles being graded, 170.3 miles of track laid and 103.3 miles ballasted on lines in the process of construction.

"Your directors are of the opinion that further extensions should be built as conditions warrant and your authority will be asked for proceeding with the construction and for the issue of consolidated debenture stock in aid of the following lines:

"Swift Current northwesterly branch (Alberta), Willingdon to Ed-

# PILES

monton, 70 miles; Moose Jaw southwesterly branch (Saskatchewan), mileage 109 to 146, 37 miles; Alkins, northwesterly branch (Saskatchewan), 20 miles; Hutton, northwesterly branch (Saskatchewan), 18 miles; Leduc, southwesterly branch (Saskatchewan), 24 miles; Five Lake branch (Saskatchewan), mileage 43 to 63, 20 miles; Archive-Wynmark branch (Saskatchewan), mileage 2 to 74, 12 miles.

Unwin westerly branch (Saskatchewan-Alberta), mileage 21 to 46, 24 miles; Glen Colony branch (Alberta), mileage 8.5 to 11, 2.5 miles.

"It is also proposed to construct a branch of the Alberta Railway and Irrigation company's railway from Woodford southeasterly, a distance of 13 miles. The A. R. and I. company has authority to issue bonds not exceeding \$40,000 per mile, which will in the usual course be acquired by this company with the proceeds of the sale of consolidated debentures stock to be issued for the purpose."

Mention in the report was made of the agreement to purchase from the government of the province of Alberta the railway and capital stock of the Lacombe and Northwestern Railway company, constructed from Lacombe northwesterly to Broton, Alberta, a distance of 71.56 miles, for the sum of \$1,500,000, the company to indemnify the province against future liability on its guarantee of the outstanding first mortgage five per cent bonds of the Lacombe and Northwestern Railway

# The NEW FORDOR SEDAN

A Distinctively Fine Car  
Among Light Cars

THE distinctiveness of the custom-built automobile is immediately apparent in this luxurious model of the New Car.

In its sweeping, streamline body, enhanced by full crown fenders and lavish use of nickel, in its wide, deeply-cushioned lounge seats—in all the finishing touches which identify the custom-built car, the New Fordor Sedan ranks with the finest car made.

To add to comfort and convenience there are arm rests at the ends of the rear seat, a swing-

ing robe rail and oval bow light in the rear compartment. Embossed panelling on doors and on the ends of the front seat, ventilators in the lower panels of the cowl on either side, and numerous other features found in expensive cars are features of the New Fordor Sedan.

And the same careful attention which stamps the appearance of the New Fordor Sedan with individuality, has made this car of such mechanical perfection that in performance and durability it is unsurpassed.

FORD MOTOR COMPANY OF CANADA, LIMITED, FORD, ONTARIO

LARGE EXPENDITURES  
FOR PONOKA HOSPITAL

In the estimates of the Public Works Department brought down recently, a total of more than a quarter million dollars is proposed to be spent at the provincial mental hospital at Ponoka. This is divided into two separate votes. The largest item of expenditure is one of \$195,000 which Mr. McPherson stated is for complete reorganization of the power plant and the building of a spur line to the institution. The present power plant was described as old, inadequate and unsafe, while the new plant is expected to effect a big saving in the fuel bill. Another item of \$15,000 at Ponoka is for the construction of cottages for employees.

BETTER ENGINEERING  
FOR RURAL ROADS

("The Observer" in the Calgary Weekly Herald)

Mr. E. J. Neilson, of Alaska, writes a letter in which he classes 1-1/2 inch Peavoe as a "kicker" and Juha me as being one of those fellows who, if working on a bit of municipality road work, would not put in full time on the job. Mr. Pearce should not object to being called a "kicker." If it were not for the "kickers" we would not make much progress in life. It is the "kicker" against things as they are because they are not as good as they ought to be, who cause us to look for something better. Mr. Pearce does not believe we are getting as good roads as we should have considering the amount of money we spend on them, under the old system whereby the farmers of the municipality pay their tax bills in whole or in part by doing road work in their spare time. I fully agree with him, because I happen to have personal experience in the matter. I have seen road work done that

way in my own municipality for years at excessive cost, and with poor results. I have seen in the same municipality similar road work done under proper engineering supervision by contract at lower cost and with good results. I have talked with others who have had similar experience in their municipalities and I have listened to government and private road engineers and experts condemn the old system and point out the advantages of the new until I am convinced beyond any chance that Mr. Neilson can change my view, that the better way to handle road work, where the thing is at all possible, is by the contract method.

Admitting the possibility that everything Mr. Neilson says of the success of the old system in his municipality is correct, I am certain that his experience is only another illustration of the exception that proves the rule. Outside of the few exceptions similar to that described by the Alaska writer human nature is pretty much the same all over. Where the road boss of the district is one's own neighbor and possibly just as anxious as yourself to get the morning and evening farm chores out of the way in good time, the job will not be a full day, even if it goes in on the pay sheet as full for everyone. But that is, after all, a small matter and by no means as costly as faulty road plans or faulty construction. It is absurd to suggest that the ordinary farmer can know as much as a highway engineer about proper building of roads. Once in a while it may happen that way, but while it is the exception that proves the rule. Generally speaking the greatest loss our municipalities sustain in connection with road work is due to poor engineering and worse construction methods. As a rule we patch up our roads under the old system year after year, never getting a really good road and at the same time spending altogether much more money for patchwork than would be needed to give us a complete good road.

## USE BETTER SEED

(By Don H. Bark, President Alberta Seed Growers' Association.)

There is no question but that the farm revenue of Alberta would be increased this year by a vast sum if the farmers could only be induced to plant better seed grain. The three prairie provinces last year shipped over four millions of bushels of dockage to the head of the lakes. This was largely seed, of which Alberta furnished her share, and the quantity is undoubtedly increasing very rapidly each

year. This dockage is largely controllable and think what a loss it means in threshing bills, haulage and freight, all of which the grower pays, to say nothing of the decreased yield because of the weeds. The reduced yield, for the weed losses are responsible, must amount to another vast sum annually.

A surprisingly large number of farmers neither clean their seed grain nor treat it for smut. There is small excuse for this neglect, for better treatment to these details is not only fairly inexpensive, but it is the one remedy that will greatly assist in the reduction of the dockage.

Many will also use seed of poor vitality and germination. Heavy cleaning usually improves both of these factors by eliminating small, weak, shriveled kernels along with the weed seeds. If one is bound or forced to use his own seed, too much stress cannot be placed upon the necessity of cleaning it heavily—and a word right here about cleaning may not be amiss. When using the fanning mill keep the lower screen clean and free from clogging. If the right sized lower screen is used it will always clog easily, but there is nothing that reduces the efficiency of one's cleaning operations so much as this one factor. The clogged lower screen forces all of the small weed seeds into the clean grain.

Another great loss is caused by the use of varieties not adapted to the district in which grown. Stick to the old tried and proven varieties as much as possible. Use straight Marquis wheat wherever it is sure of maturing, for it is doubtful if any better variety has yet been found.

Another source of loss is caused by the use of mixed varieties. This nearly always results in the loss of a grade or two when the grain is sold, for two varieties mature at exactly the same time or have exactly the same milling qualities.

The way to remedy the present situation, to put more dollars into our pockets and defer the spread of weeds in the province is to plant better, cleaner seed on cleaner land. If you must use your own seed, clean it heavily and have a germination test made and treat it before planting. If the seed you have is foul with weeds, of poor germination or badly mixed with other grains or seeds of other varieties, by all means purchase better seed if you can. Then to insure good seed for the future buy a sufficient quantity of registered seed to grow your entire seed requirements for 1929. Plant this on clean ground and keep on planting on clean ground, and if Mother Nature is kind you will have done your part and are bound to

reap a rich reward for a very small expenditure of time and money.

## MILK AND TUBERCULOSIS

The value of milk is not limited to the first year of life. As the child grows, he needs to enlarge his diet, but milk continues to be the most important article in this diet during the years of growth. Every child should have one pint of milk a day to provide the necessary growing substances for the body.

Young children have very little resistance to tuberculosis. In their earliest years they are easily overcome by this disease. There are two types of the tuberculosis germ, two members of the same family as it were, which cause tuberculosis in children—the human and the bovine type. By far the greater number of cases are caused by the human type. The bovine type is responsible for about 25 per cent of all tuberculosis occurring amongst children. In children, tuberculosis often attacks the bones and joints, and so is responsible for much crippling.

The bovine type of the tuberculosis germ comes from cows suffering from tuberculosis, and reaches the child through milk. As a large percentage of milk cows have tuberculosis, it follows that a large percentage of milk is infected with the bovine type of tuberculosis germs. From this it is evident that, unless the necessary precautions are taken, milk is a real factor in the spread of tuberculosis to young children.

It is part of any campaign against tuberculosis or towards the improvement of child health to see that the milk supply is safe and pure. A safe, pure milk supply, free from all danger of carrying tuberculosis or any other disease to human beings, particularly children, comes from healthy cows, is produced and shipped in a clean way, is pasteurized to kill any disease germs, is kept cold and covered until used.

Is this the kind of milk you and your children use?

Questions concerning health, addressed to the Canadian Medical Association, 134 College street, Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.

## THE OLD WAY

(Walt Mason)

My Aunt Samantha's making pickles, each day she puts up more and more; and this will save me many pickles when I go shopping at the store. "It may be I shall miss a party,

a tea fight or a bridge whist game," says aunt. "But while I'm well and hearty I'll put up pickles just the same. And you might trot around and fetch up tomatoes from the weighted vine, for I will put up jugs of ketchup before I've taken in my sign. And there are plums that need preserving, and onions good for marmalade; the thought is surely most unbecoming that they should waste and be decayed." My neighbors call up Jones the grocer for everything they wish to eat; but Aunt Samantha thunders

"No, sir," when I suggest a canned good treat. "It would be sin beyond all pardon," she says, "to buy things at the store, when there are turnips in the garden, and pumpkins in the kitchen door." And to the cellar she is packing all sorts of bottles, jars and jugs, while through the garden I go tracking for greens that have escaped the bugs. Her friends are frolicking and fooling, they're bathing in the deep blue sea, their dark green limousines they're tooling, at country clubs they're drinking tea. My aunt looks smiling from the easement on passing roadsters and sedan; she does not care for her easement while there's a cucumber to can.

## AT THE END OF THE JOURNEY

This I would rather have than all your fame;  
A few true friends to sit with me and smile,  
Laughing and chatting in life's after-while.  
O'er some remembered youthful, joyous game.  
When age comes on, and I no more can claim  
The right to march with men another mile,  
But must retire to some safe-sheltered aisle,  
May all I've known in friendship speak my name.  
May all who pass my doorway wave a hand  
In friendly greeting as they journey by,  
The tired old man will smile and understand  
The love that flashes in each merry eye.  
For down the distance, where the journey ends,  
Old age will watch life's sunset with his friends.

—Edgar A. Guest.

## SPORTS

SOFTBALL LEAGUE WAS ORGANIZED MONDAY EVENING

At an enthusiastic meeting of softball players and supporters held on Monday evening a league was formed for the season and there is every prospect of a good summer's sport. Eight teams have entered the league, and those in the knowing claim there will be many surprises when the different aggregations take the field. It was decided to play two games every Monday and Thursday nights, commencing at seven o'clock, and the play will take place on the grounds of the Alexandra school and across the street from the school grounds. This will give each team one game a week. J. W. McDermid, and H. S. Hodgins were appointed a committee to arrange for the grounds and to draw up a set of rules for the regulation of the teams and players.

The teams and managers in the league are: Creameries, Harold Ingles; Bankers, J. W. McDermid; Kilmannans, Bob Grant; Elks, George Gothard; Moose, Fred Nelson; Clerks, Frank Aboussaty; Taxis, Arthur Brickman; High School, H. S. Hodgins.

CAMROSE GOLFERS ELECT OFFICERS

Camrose, March 23. — The enthusiasm displayed and the free discussion of matters relating to the welfare of the Victoria Park Golf club at the annual meeting of the organization held in the town hall, Camrose, on Tuesday evening, showed that a keen interest was being taken in the activities of the club by its members. Officers were elected for the ensuing year as follows:

Honorary president, Dr. W. V. Lamb; president, L. R. Jackson; vice president, Charles McDonald; secretary, treasurer, A. Tomkins; executive, chairman sports committee, A. S. Hodgins; chairman membership committee, H. U. Johnstone; chairman grounds committee, A. L. Christensen; chairman house committee, to be appointed. F. R. Bailey was appointed captain and Dr. Lamb was named to look after handicaps.

FISH AND GAME LEAGUE URGING WIDER SCHEME

Something more should be done by way of restocking rivers and lakes west of Edmonton with game fish, in the opinion of the Northern Alberta Fish and Game Protective league. While appreciating what the federal government has contributed in the establishment of a temporary fish hatchery at Jasper Park, the league feels this does not quite take care of requirements, and is urging a more comprehensive scheme.

FRIENDLY cushions, fashioned with the comfort of an easy chair, invite relaxation as your McLaughlin-Buick sweeps smoothly along.

## Comfort that invites Relaxation

In the designing of McLaughlin-Buick for 1928, riding ease and comfort have been given unusual consideration. Lovejoy Shock absorbers on all four wheels absorb and cushion every road-shock and rebound. Rubber Engine Mountings prevent vibration from reaching the car-body. Extra deep, resilient seat cushions, beautifully upholstered, are specially shaped and tailored to fit, like an easy chair. The lower body-lines have been attained without any sacrifice of headroom. And in finish and appointments, McLaughlin-Buick establishes a standard of luxury which vies with your drawing-room or club. The G.M.A.C. Deferred Payment Plan offers many advantages to buyers of McLaughlin-Buick cars.

during the summer to consider a number of matters on which final action was not possible during the recent session. The premier expects to leave during the coming week for Ottawa. The satisfactory disposition of the northern railway lines and the return of the natural resources to the province will be among the problems which will engage his attention during his eastern trip.

Alberta's Mineral Production Growing  
Alberta stands fourth among the provinces of the Dominion in the value of mineral productions, according to the recently issued preliminary report of the mining branch of the Dominion Bureau of Statistics for 1927. Ontario leads with a production valued at \$89,109,865, or 34.4 per cent, of the Dominion total; British Columbia stands second with an output valued at \$60,183,134, representing 26.41 per cent of the aggregate for the Dominion; Nova Scotia with an output valued at \$29,554,822 held third place and contributed 12.08 per cent of the total, closely followed by Alberta, with a production of \$29,375,040, constituting 12.02 per cent of the total.

Alberta's greatest contribution is in the field of non-metallic fuels, including 6,929,366 tons of coal valued at \$21,969,135, and 321,154 barrels of petroleum with a value of \$1,189,007, and 12,938,801,000 cubic feet of natural gas valued at \$3,589,485.

Northern Railway Business Active  
An indication of the healthy growth of the northern part of the province was given in figures submitted to the Legislature during the past week by Premier Brownlee.

Alberta Stock Wins Prizes At Saskatoon Fair  
First prizes in carload lots of steers, in hot heavy and light classes at the Saskatoon winter fair during the past week were awarded to Mackenzie Bros. of Lacombe, Alberta, who had three choice entries in the show. In the class for steers weighing over 1,100 pounds second prize went to the entry of Paul Gribel of Wetaskiwin, Alberta.

Federal Income Tax Office for Edmonton  
A Dominion income tax office to handle the business in the northern part of the province will be opened in Edmonton on April 1, 1928, in charge of C. S. Kilgour, who has been appointed inspector for northern Alberta. The federal ridings of Wetaskiwin, Camrose and Battle River and all territory in the province north of this will be included in the Edmonton district. It is announced that all returns for 1927 income tax purposes must be filed by April 30.

Talc Deposits to be Developed  
Development of the deposits of blue and white talc which is found in the vicinity of Banff is planned during the coming season, announces H. B. Lundsen, assistant director of the development branch of the Canadian Pacific Railway. Mr. Lundsen states that a road twenty miles in length will be built between Massive Siding and the deposits to make them readily accessible. The blue variety of talc which is very rare and valuable is used in electric insulators and gas burners while the white sort is extensively used in the preparation of cosmetics. Plan Early Start on Cutknife-Whitford Line

Cutknife-Whitford Lake branch extension to complete the 64 miles of line commenced last year will reopen for the season at an early date, according to Lieut.-Col. J. G. Reid, superintendent of construction, who has been in Edmonton recently.

“Feeders' Day” at University, April 14  
Plans are under way for the holding of the seventh annual “Feeders' Day” under the direction of the Department of Animal Husbandry at the University of Alberta on Saturday, April 14, the last day of the Edmonton Spring Show.

## Just Right For Upset Stomach

For after-eating distress, gas, sourness and bloating, the quick and positive neutralizing action of Bismarck Magnesia has proved to be just right! Relief, certain and gratifying, almost instantly follows the very first dose—and a few cents' worth obtainable from any good druggist, last for a long time. This special Bismarck form of Magnesia, for Stomach Trouble only, does not act as a laxative. Ask your druggist.

W. C. T. U.

Re convention notes referred to by Mr. Rodson in your issue of the 14th. We learn that we have misunderstood the reference to Mr. Dinning, as we have taken it up with the association officials and found the quotation incorrect. We also find that it was Mr. Marks who stated that we could help Mr. Dinning in the enforcement of the act by every tightening-up measure we could secure. We also learn there were 20 vendors' stores open in 1926 instead of 27 out of the 547 available sources of legal supply. We note that Mr. Rodson has allowed some of the statements of the W.C.T.U. to go unchallenged, etc. Generous person! By this we assume he is a Moderationist, and if he was here in 1923 for the campaign he probably said he was also “against the

bar” and the “trotting system,” and that the passing of “Clause D” would not mean the return of the bar.

Would you ask Mr. Rodson, as he is apparently very serious in his desire to safeguard the truth, as I am sure all of us should be, (1) Whether we now have the bar (2) whether he protested against its establishment when he found it was a reality; (3) whether he protested publicly about it; (4) whether he approves the present trotting system, or if not, has he publicly protested against it; (5) whether he thinks bootlegging is still here, and if not, why the Moderation League requested recently to have vendors' stores open till 11 p.m. to destroy the bootlegging evil; (6) whether he thinks the canned heat menace is gone and if so, why Commissioner Dinning especially asks for leave to deal with it through his board in this province; (7) whether, if he is against the bar, he has protested against the efforts of the Moderation League to represent the majority interests in securing beer halls under local option votes; (8) whether he approves his colleagues' actions in the league securing the financial support from the breweries as the Customs probe showed; (9) whether moonshining has stopped in this province, and if so, has he called the Commissioner's attention to it; (10) whether you can stop the drink evil or any other evil by passing a law permitting it and providing for its perpetuation and whether the legal expenditure for liquor in Alberta in 1927 of over \$12,000,000 and the greatly increased sale of wines, beer and hard liquors is a good thing for this province?

You might also ask him whether Evangeline Booth is correct in her statement of the facts regarding prohibition in the United States in the Saturday Evening Post of recent date; whether moral conditions in industry have improved. Taking for instance Henry Ford's statements of conditions under prohibition and before; whether improved social conditions are not the sequel of improved economic and moral conditions everywhere and always; whether Roger Babson, the celebrated economist, is wrong in figuring a saving to the United States of over five billion dollars annually through prohibition; whether Sir Austin Balfour's recent statement to the Chamber of Commerce, Sheffield, England, is wrong when he said the United States had a 20% initial advantage commercially over every drinking nation in competition.

You could ask him a hundred questions he cannot answer to the public's satisfaction—but what's the use? Ask him anyway.

# "SALADA" TEA

Dark-skinned natives—glowing sunlight—cool mountain tops—great ships ploughing through tropic seas—these things all come to mind when a cup of "SALADA" is steaming before you. Such flavour—such fragrance. Try "SALADA".

## OLD TIME SOCIAL IS SUCCESS

On Friday evening last, a most enjoyable social was held at the home of Mr. and Mrs. J. D. Christie under the auspices of the Ladies' Aid of Millet United Church.

A very fine program of music and readings was presented and thoroughly enjoyed.

Mr. and Mrs. Buchanan and family of Wetaskiwin, were present and with their several numbers, vocal and instrumental, in solo and duet, added greatly to the enjoyment of the evening.

ing. Mrs. Harry Stuart sang very pleasingly "Carry me back to old Virginia." Master Ted and Miss Helen Buchanan rendered several delightful instrumental duets. The Misses Mabel and Lily Thompson, with piano and harmonica, and Mr. Audrey Thompson, with violin, contributed very acceptably to the program. Miss Gwen Christie in "Daisy and I are out," gave the program a humorous turn. Rev. L. R. MacDonald was chairman for the evening. Very delectable refreshments were served by the Ladies' Aid at the close.

## SURPRISE PARTY

On the occasion of her birthday on Monday, Mrs. J. Dowdell was given a pleasant surprise at her home when a number of West Liberty friends gathered to extend best wishes and hearty congratulations. The presentation was made by Mrs. Roop, of a bouquet of carnations. Mrs. Dowdell making happy acknowledgment of the gift.

Refreshments were served during the social hour following. The guests present were: Mrs. Manson and Mrs. J. Phillips of Edmonton, Mesdames S. Rogers, P. Roop, J. E. Harkness, J. Schaff, A. E. Dowdell, H. Arnold, S. Clarke, A. Cartier, T. Moonen, Heslop, M. Nelson and H. Phillips.

## MILLET LOCAL NEWS

Mrs. A. D. Rupert spent last week visiting friends in Edmonton.

Mr. and Mrs. J. D. Cummings were visitors to the city last week.

Mr. and Mrs. H. Arnold were guests of Mr. and Mrs. H. Phillips on Sunday.

Miss Elsie Bluffs returned last week from a visit with Mrs. Roland at Athabasca.

Miss Rose Kubick of Camrose Normal school, spent the week-end at her home here.

Mrs. J. Wagar of Murrellburg, is spending the week with Mrs. E. Kinchella and friends in town.

Mr. Fritz Perlick passed through town on Monday en route to Onaway with a load of implements.

Mrs. W. Ross went to Edmonton on Tuesday morning, having received word of her sister's illness.

The April meeting of the Ladies' Aid of the United Church will be held at the home of Mrs. Dowler.

Miss Muriel Alkens is in Calgary the guest of her sister, Mrs. Young, at the manse of Cushing Memorial Church.

Mr. V. C. Rowley is driving a new Chrysler "62" sedan, and motored to Clive on Sunday, returning on Monday.

Rev. A. B. Lane's farewell service will be conducted on Easter Sunday morning at 11 o'clock. Everybody welcome.

Mr. Best, accountant, of Duffield, spent the past week with Mr. V. C. Rowley, returning home on Friday evening.

Mrs. L. P. Wright, who has been ill at her for some weeks, was removed to the Royal Alexandra hospital on Friday last.

Mrs. O. Wolf and tiny son Harvey, are visiting with Mr. and Mrs. G. Wolf and Mr. and Mrs. E. Morse for a couple of weeks.

Mr. and Mrs. Isaacson and Mr. John Nordstrom were visitors in town on Friday afternoon, as they were motoring from Edmonton to Camrose.

Seen in the shop windows—Easter novelties; Easter egg dyes; the latest in new prints; up-to-date shoes; garden seeds. In Millet shop windows, of course.

Mr. E. Moore of Jarvis, Alberta, arrived on Monday to take charge of the Lumber office, succeeding Mr. H. Stuart, who recently resigned the management.

Miss Gwen Christie, accompanied by Miss Florence Pinchbeck and her brother of Winterburn, motored to the home of Mr. and Mrs. J. B. Christie to attend the old time social on Friday evening.

The Young People's Club held a card party in the Community hall on Tuesday evening of last week. Mr. Stanley Scott was the lucky prize-winner. A dance was held on Tuesday evening of this week.

**WAS AFRAID TO EAT INDIGESTION SO BAD**

Miss J. Mathews, 154 North St., Halifax, N.S., writes: "For quite some time I suffered from indigestion and was afraid to eat I suffered so after. I told my trouble to a friend and she told me how she used to suffer with the same thing and how

**BURDOCK BLOOD BITTERS**

relieved her, so I took two bottles, and I will never regret the day I did as I am happy to say I can eat anything and not be bothered with indigestion after."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

## THINK IT OVER!

Intelligent effort, like dropping water, will wear away the hardest obstacle.—Forbes.

## Soft Corns

Money Back Say All Druggists If Moore's Emerald Oil Doesn't Do Away With All Soreness and Pain in 24 Hours.

Get a bottle of Moore's Emerald Oil with the understanding that if it does not put out the pain and soreness your money will be promptly returned.

Don't worry about how long you've had it or how many other preparations you have tried. This powerful penetrating oil is one preparation that will help to make your painful aching feet so healthy and free from corns and bunions so that you'll be able to go anywhere and do anything in absolute foot comfort.

So marvelously powerful is Moore's Emerald Oil that thousands have found it gives wonderful results in the treatment of dangerous swollen or varicose veins. All druggists are selling lots of it.

## WIESENFORD W.I.

The Wiesenford W.I. held their St. Patrick's dance on March 16, at Telford school. There was a splendid crowd out, all our old friends and some new ones enjoyed the dance. At midnight the W. I. members served supper and dancing was resumed at one o'clock.

Mr. R. Mann and Mr. Alex Lapin provided the music for the evening, being kindly relieved for a few numbers by Mr. Silvers and Mr. Kirk.

**Children's Colds**

Best Treated Externally

That's why modern mothers prefer Vicks—It cannot upset delicate stomachs. Rubbed on throat and chest, it acts two ways at once:

(1) Its healing vapors, released by the body heat, are inhaled direct to the air passages;

(2) It "draws out" the soreness like an old-fashioned poultice.

**VICK'S VAPORUB**

## HILLSIDE

Mrs. W. Webb, who has been under medical treatment, is somewhat improved in health.

H. Young has purchased a tractor. A big concert and box social at the school house on March 30th. Something new and different in the way of entertaining.

We are pleased to report that Mrs. Howard Marr, who underwent an operation last week in Edmonton, is progressing very favorably.

Owing to some misunderstanding, the debate between the U.F.A. and U.F.W.A. did not take place.

Miss A. Bolt of Chicago, is visiting with her father Mr. Geo. Bolt and brother, C. J.

Mr. W. E. Pritchard, who has been visiting in the district, returned to Edmonton on Saturday.

Miss Foster spent the week-end with her sister in Camrose.

Don't forget the box social and grand concert to be held on Friday, March 30th.

Mr. L. Marr has purchased a Chevrolet truck.

Messrs. R. C. Young, H. Young and E. R. Hoskins attended the benefit banquet held at Lone Ridge on Thursday, March 22.

Mrs. H. Marr, who has been a patient in the Royal Alexandra hospital, Edmonton, is expected home this week-end.

The Times' subscription list is open at all times for inspection by its advertisers. Remember this when you wish to advertise.

## SPECIAL NOTICES

\*\*\*Reserve Friday evening, March 30th, for the entertainment to be given by the Young People's class in the United church. A good time is promised.

12:15

\*\*\*Do not miss seeing the opera film "William Tell," at the Angus Theatre today (Thursday) at 4:15 and 8 p.m.

\*\*\*There will be a dance in the Crooked Lake hall, Wednesday, April 4th. Moonbeams Orchestra.

\*\*\*Ladies Please remember the annual W.C.T.U. bazaar at the City Bakery, Saturday, March 31. A fine assortment of useful articles will be on display, all moderately priced. You will also have an opportunity to buy your Sunday's baking and enjoy social tea.

\*\*\*"The Shepherd of the Hills," Harold Bell Wright's famous novel, will be shown on the screen at the Angus Theatre on Friday and Saturday of this week.

\*\*\*The Mission Band of the United church will serve tea in the Sunday school room of the church on Saturday, April 4 and 5. Local talent night this Wednesday will take the form of a dancing contest. Contestants will be admitted free. The audience will be the judge.

\*\*\*Did you attend the Cabaret at the Pal? Try it just once and it will become a habit. At last Sunday's afternoon tea the music was thoroughly enjoyed.

\*\*\*Charlie Murray and George Sydney will be "Flying Romances" in pursuit of the village Juliet at the Angus Theatre on Monday and Tuesday, April 2 and 3.

\*\*\*The Institute Girls will hold an Easter tea in Lively's Confectionery on Tuesday, April 10th, from 3 to 6. The proceeds are to send the winning team to Edmonton to take part in a demonstration, the winning team to go to the National Exhibition in Toronto. Come, give us your support.

\*\*\*Mrs. Quinton, of Bon Marche Millinery Parlor, Edmonton South, will be at Aboussafy & Sons' store on Saturday of this week with a nice range of Chic Spring Styles, Youthful Matrons' Hats, Sport, and Tailored Models, etc. Call and look over the

stock. It will not be necessary to go out of Wetaskiwin for your new hat.

\*\*\*Mother likes music: Dad likes readings; Sister likes comedy; Brother likes camp songs. They'll all be pleased if they come to the concert in the United church on Friday, March 30th, at 8 o'clock. Admission, 25c and 10c. A matinee for the kiddies at four o'clock on Friday. Admission 10c.

MANUFACTURE OF NEWS-PRINT GREATLY INCREASED

The value of newspaper paper manufactured in Canada and exported to other countries during the twelve months ending January 31 last was \$124,168,000. For the corresponding preceding twelve months the value

of exported newspaper was \$9,154,982 less. The value of the total exports of paper and manufacture of paper during the period was \$130,570,320, compared with \$122,253,320 for the preceding year.

It is estimated that half a million acres of new land were broken up in Alberta last season for cropping this year.

You would not be ashamed of your stationery if it had been printed at The Times office
